## Community Outreach

Part of the Emerge's mission is to make the arts accessible to the entire community. For every five paid programs, one is completely free and targeted towards at-risk or disadvantaged youth. We do this through art programs geared towards those affected by cancer in the hospital, artist in residency programs, and our Youth Arts Initiative program, which includes scholarships and our Youth Public Arts Project.

**Youth Public Arts Project** is our longest running outreach program. Started in 2005, this is a bi-monthly program, where at-risk youth come to the arts council to work with professional artists and musicians to create various public art projects and learn about the rich heritage of African American music. The public art is then displayed throughout the community.

**Art is Good Medicine** is an arts in healthcare program in partnership with local healthcare providers Vidant Health. Professional visual artists and dancers work with adult and pediatric cancer patients and survivors. In addition, we facilitate weekly art experiences at Hope Lodge and offer free workshops to cancer patients, survivors, family members, and caregivers.

**Scholarships** are offered to disadvantaged children in our community to attend classes and workshops free of charge.
